SUMMARY

Frontend Engineer with expertise in React, Next.js and WordPress, specializing in responsive and scalable UI development. Proficient in Material UI, Ant Design, Bootstrap, and Tailwind CSS. Passionate about clean code, performance optimization, and delivering intuitive user experiences. Experienced in AI-assisted frontend development to enhance efficiency, speed, and code quality.

SKILLS

Frontend:	React.js, Next.js, JavaScript, Angular, HTML, CSS.
Libraries:	Material UI, Ant Design, Bootstrap, Tailwind UI/CSS.
Backend Database:	PHP, SQL, Laravel
Tools Platforms:	Git, XAMPP, Figma, MockUp, AntD, ChatGPT, Gemini, DALL-E, Docker, Storybook.

PROJECTS

Next.js **DheeraGlobal**   dg.raghuvartech.com

DheeraGlobal serves as the official digital platform for an international tyre and automotive components enterprise. The platform showcases a B2B ecosystem for product catalogs, trade partnerships, and brand collaborations.

Contribution: Designed and developed the complete frontend structure using Next.js, ensuring responsiveness, scalability, and optimized performance across devices. Implemented modular UI components for dynamic content rendering and enhanced user navigation experience.

Next.js **Auditor's Insight**   auditorsguide.in

AuditorMate is an intelligent audit automation platform designed to simplify and accelerate the auditing process for businesses and accounting professionals, particularly Chartered Accountants (CAs). It acts as an aggregator system that pulls comprehensive business intelligence from various authoritative sources via API integrations, allowing auditors to gain a consolidated view of a company's legal, financial, and regulatory standing.

Contribution: Built core UI modules using Ant Design and React, integrating API-driven dashboards to streamline financial data visualization. Enhanced accessibility and usability, resulting in a simplified auditing experience for end users.

Next.js **Case Cloud**

Case Cloud is a law automation platform tailored for legal professionals to manage cases, clients, and payments seamlessly. The solution focuses on operational efficiency and workflow automation.

Contribution: Designed an intuitive interface using Next.js and Ant Design, incorporating reusable UI elements and API integrations. Streamlined data flow for case management and payment tracking, improving system usability and reducing manual workload.

Next.js **Uniangle**   uniangle.com

Uniangle is a multidisciplinary architecture and construction firm that showcases its services and completed projects through a professional web platform.

Contribution: Designed and implemented multiple frontend components, including Architecture, Interior Design, and Contact sections. Ensured cross-browser compatibility and a 96% design accuracy rate compared to Figma prototypes.

React.js **SublaCamp**   sublacamp.ae

Subla Camp is a UAE-based hospitality venture offering luxurious desert camping experiences. The company provides high-end accommodations, themed amenities, and curated travel services designed to deliver authentic and memorable desert adventures for tourists and residents alike.

Contribution: Developed the frontend using React.js and Bootstrap, translating brand aesthetics into a visually immersive and responsive website. Implemented dynamic layouts to showcase camping packages, amenities, and booking details. Enhanced user engagement by improving site performance, navigation flow, and mobile responsiveness for seamless booking experiences across devices.

React.js **SPMS Hospital**

SPMS Hospital is a healthcare institution providing digital access to patient services, appointment bookings, and department management.

Contribution: Developed an accessible, responsive interface to simplify patient-doctor interactions. Integrated UI components for booking, scheduling, and service overviews, achieving improved performance and user engagement.

React.js	**NCBI Bookshelf**	**ncbi.nlm.nih.gov**

The National Center for Biotechnology Information advances science and health by providing access to biomedical and genomic information. NCBI Bookshelf is an online archive of over 6000 books and documents in life science and healthcare.

React.js	**Ketida-Lulu**	**lulu.com**

Built and customized streamlined, scalable professional book production workflows using Ketida's rich web-based tools.

React.js	**NewsApp**

Creating NewsApp using Bootstrap & Material UI , use react hooks & call API news.

Laravel	**Payclick Fintech**	**payclickfintech.com**

Payclick Fintech is a secure online financial platform facilitating digital transactions for businesses and individual users.

Contribution: Developed a responsive, secure user interface for onboarding, transaction, and dashboard management using Laravel PHP and Bootstrap. Optimized UI responsiveness and improved transaction flow for enhanced user satisfaction.

Laravel	**Open Source Company Portal**	**coloredcow.com**

Handled the client database.

Angular	**The Policy Mall**	**thepolicymall.com**

The Policy Mall is a licensed online insurance brokerage platform launched under the IRDAI's ISNP guidelines. It enables users to compare insurance policies and manage claims efficiently.

Contribution: Developed a responsive, user-focused Angular frontend that optimized policy navigation, quotation retrieval, and claims submission. Applied Bootstrap's grid system to ensure consistent cross-device layouts and improved loading performance.

Wordpress	**RaghuvarTech (Corporate Website)**	**raghuvartech.com**

RaghuvarTech's corporate website represents an IT solutions company offering web development, software services, and consultancy.

Contribution: Designed and optimized the homepage and service pages, focusing on lead conversion and responsive performance. Integrated inquiry forms and analytics tracking for business insights.

E-commerce Wordpress	**Shri Sudhasagar Hydrogel**	**hydrogels.co.in**

Shri Sudhasagar Hydrogel manufactures industrial-grade hydrogels for agriculture and chemical applications.

Contribution: Developed visually consistent product catalog pages with structured hierarchy. Optimized performance and visuals to highlight product range effectively.

Wordpress	**Baseman Tourism**	**basemantourism.com**

Baseman Tourism is a travel and tourism agency offering curated tour packages and holiday planning services.

Contribution: Built and designed vibrant travel destination pages with optimized images and smooth navigation. Improved user engagement by simplifying booking workflows and contact forms.

Wordpress	**Association Ventures**	**associationventures.com**

Association Ventures supports the growth of global social enterprises through partnerships and accelerator programs.

Contribution: Customized WordPress themes and structured content layout to improve readability and navigation. Implemented SEO best practices and caching mechanisms, enhancing site performance and visibility.

Wordpress	**Santosh Reddy Lawyers**	**reddylawyers.com**

Santosh Reddy Lawyers is an Australian immigration law firm providing comprehensive visa and legal consultation services.

Contribution: Created and maintained multiple visa category pages, integrating responsive designs and structured metadata for SEO. Streamlined content presentation to enhance clarity and accessibility.

Wordpress	**Geoedutech**	**geoedutech.ae / geoedutech.com**

Geoedutech is a leading immigration and visa consultant, providing expert guidance for immigration, visa, and overseas education.

Contribution: Developed a dynamic frontend with improved user pathways and content delivery. Conducted cross-device testing and implemented UI enhancements for better engagement and retention. structured metadata for SEO.

| Wordpress | **PerceptionLabz** | **perceptionlabz.com** |

PerceptionLabz is a technology-driven R&D firm focused on innovative digital products and analytics solutions.
Contribution: Created tailored layouts for project showcases and service overviews. Strengthened site interactivity and branding through strategic content placement and styling.

| Wordpress | **Robotics Educare** | **roboticseducare.com** |

PerceptionLabz is a technology-driven R&D firm focused on innovative digital products and analytics solutions.
Contribution: Created tailored layouts for project showcases and service overviews. Strengthened site interactivity and branding through strategic content placement and styling.

| Wordpress | **TheCreators** | **thecreators.solutions** |

The Creators is a portfolio website showcasing premium real estate and architectural projects, highlighting modern designs, luxury living, and innovative construction.

| Wordpress | **clinovapack** | **clinovapack.com** |

ClinovaPack is a clinical trial packaging company offering end-to-end solutions for medical research logistics. Developed customized web layouts emphasizing packaging workflows and services. Enhanced UI consistency and optimized images and assets for faster load times

EXPERIENCE

| 3/2024 – 09/2025 | **Raghuvartech** | **Frontend Engineer** |

Worked on diverse client and in-house projects spanning multiple industries, delivering high-performance frontends, reusable UI components, and responsive designs.
- Translated Figma designs into pixel-perfect, production-ready UI layouts.
- Improved page load performance by 35% using modular component structures.
- Integrated RESTful APIs and implemented responsive design principles across browsers and devices.
- Led the creation of scalable web solutions using React.js, Next.js, Angular, Laravel and Wordpress.

| 12/2022 – 09/2023 | **ColoredCow** | **Frontend Engineer** |

Developed scalable UI components for enterprise and educational platforms, collaborating closely with design and backend teams.
- Implemented and tested reusable components using React, Storybook, and GraphQL.
- Enhanced UI performance and user experience across multiple applications.
- Contributed to both client and open-source web applications using modern frontend frameworks.

| 7/2022 – 12/2022 | **Uniangle** | **Frontend Developer** |

- Built responsive company pages with 96% design accuracy using Next.js and Tailwind CSS.
- Delivered visually consistent components for multiple sections including Architecture, Interior, and Contact.
